Laptop backpack

Max load
33lb

Insert the straps into the back panel pocket to convert the backpack into a stylish handbag

Practical back strap that allows you to attach the backpack to the luggage rack or carry it on your shoulders with the ergonomic straps that you can adjust to your size.

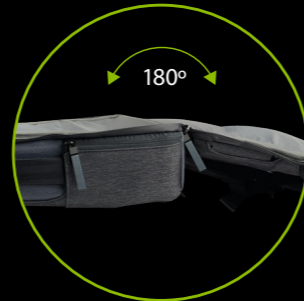

Main compartment with three zippered pockets, along with mesh organizers, offer enough space to carry personal items, stationery, mobile devices and all kinds of accessories.

Fully lined and padded dedicated compartment with interior divider and strap, ideal for computers up to 15.6 inches and tablets up to 12 inches

Full access allows you to cross checkpoints expeditiously, since you will never have to remove your digital devices for inspection again.

Hidden zippered anti-theft pocket on the back panel provides added protection for your valuable cargo or important documents when you're on the go.

Main compartment with three zippered pockets, along with mesh organizers, offer enough space to carry personal items, stationery, mobile devices and all kinds of accessories.

Integrated attachment buckles secure the backpack to any anchor point

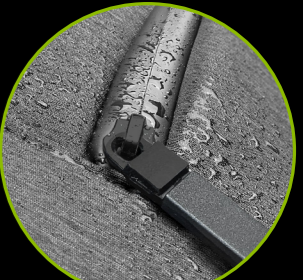

Convenient exterior pockets on each side keep keys, cables, and pencils organized and always at hand.

Integrated power bank pocket with external USB port connection lets you keep your devices powered wherever you go

Made with high-quality 1600-denier nylon and soft interior lining. The fabric and zippers are water-repellent.
